Current Update from Brethren Village on Emergency Plane Landing

The National Transportation Safety Board (NTSB) has completed its investigation at the crash site and removed the plane. However, the area remains hazardous, and police tape remains in place. All individuals are advised to avoid the site.

We are now partnering with Lewis Environmental Group for remediation efforts. Updates will continue to be shared with residents and team members through our internal communication channels. For support, residents have access to our trauma board-certified Chaplains and team members continue to provide assistance daily.

As a community, our thoughts and prayers are with the passengers on the plane. We encourage residents and team members to stand together in the spirit of BV Strong as we navigate this time together.

To maintain a vibrant community, it truly takes a Village.

For more information, please contact Allie Black, Communications Manager at 717-368-2837 or ablack@bv.org.
